

NON RIGID INFLATABLES (14'-17.5')

Inventory

	Great Lakes	Québec	Atlantic	Total
Zodiac Mark 3 (14')	-	-	1 (NL)	1
Zodiac Mark IV (17.5')	-	-	2 (NL)	2
Total	-	-	3	3

Application

Various uses as a workboat, such as: surveillance, boom maintenance or transportation. Suitable for use in near shore environments.

Description

Inflatable boats with a fabric, air filled flotation collar that makes up the bow and sides (gunnels) of the boat. The flotation collar supplies buoyancy (with reserve), stability, and absorbs wave energy to soften the ride in rough conditions. Equipped with outboard motor and either a centre steering console or tiller control.

Operating Data

Speed: up to 20 knots

Ancillaries

Outboard Motor (15hp to 50hp)
Some equipped with VHF radio

Technical Data

Hurricane 470: 4.6 m (15 ft.)
Polaris: 4.6 m (15 ft.)
Zodiac Mark 3: 4.3 m (14 ft.)
