Total	8	9	8	25

Application

Flexible temporary oil storage container capable of being towed or moored. Can also be used for temporary oil storage on land.

Description

The RO tank comprises a main chamber for storage of oil or other liquids. It is supplied with a pillow float air chamber for additional buoyancy. A bolted on cross bar closes the tanks ends so that it can be opened for cleaning.

Operating Data

Speed, empty: up to 10 knots
Speed, full: up to 7 knots
