

INDUSTRIAL PRESSURE WASHERS

Mi-T-M

Hotsy

Inventory

	Great Lakes	Québec	Atlantic	Total
Mi-T-M	-	3	2	5
Hotsy	1	-	-	1
Total	1	3	2	6

Application

Portable industrial pressure washing units, providing cold, warm water or steam. Can be used during shoreline cleanup operations to clean manmade structures. Can be transported by road or on a seatruck to access remote shoreline areas.

Description

Mounted on a trailer, the unit is equipped with a diesel heater, a diesel pump, a 500 gal reservoir for the water and one or two high-pressure pistols.

Operating Data

Mi-T-M Maximum pressure: 7.8 GPM 3000PSI

Hotsy Maximum pressure: 3.0 GPM 3000PSI
